

April 3rd, 2014

Notification

Dear LSS student members,

The Human Rights Law Network (HRLN), Delhi, wants to associate the registered members of the Legal Services Society in their community outreach programs in certain identified areas to help the homeless people in getting their rights enforced. It is a good platform for you to learn. They are starting their program from Saturday (5th April, 2014) and it will continue on every Saturday. The expenses will be borne by them. Those who are interested to work with them can give their name and details to the under mentioned members of HRLN and speak to them over phone. **Once you get yourself registered, you may start working with them after the completion of your exams or vacations.**
